

Invitation to Seminar on Sustainability along the Grain and Feed Chain

Speaker Alexander Döring, Secretary General FEFAC

It is with great pleasure to invite you to a presentation on the work with sustainability in the European Feed sector by Mr. Alexander Döring, Secretary General FEFAC. Sustainability has been in the core of the feed sector for many years. In September 2020 FEFAC launched the Feed Sustainability Charter 2030 – including a number of Ambitions on how to further accelerate the engagement in sustainability. At the seminar Mr. Alexander Döring will present the work and his view on the link to European political agendas and policies linked to sustainability in the grain and feed chain.
